

**Additional Policies & Procedures:**  
Please initial each to verify acceptance.

**GENERAL**

\_\_\_\_\_ Our facility will be operating at a lower capacity. There will be times throughout the day that the maximum allowable capacity is being reached, but there will also be times when only a handful of people are inside the facility.

\_\_\_\_\_ We have maintained and will continue to maintain a cleaning and disinfecting regimen. We will be constantly disinfecting common areas as well as coaches cleaning their hands.

**SPRING REGISTRATION AND ACCOUNT BALANCE**

\_\_\_\_\_ Spring 2021 registration will be done over the phone. We want to ensure the least amount of people will be entering the facility. Registration form and half payment will be due upon registering. For those using their Spring 2020 class credit, your full payment will be due upon registering.

\_\_\_\_\_ We will have a staff member stationed in the entryway to help guide athletes to the restroom and to their coach for class for the first week of the session.

**CLASS & PICKUP PROCEDURES**

\_\_\_\_\_ Please arrive no more than two minutes before your class start time. We cannot have athletes arriving early or staying after class.

\_\_\_\_\_ If your child is age six or older, **NO** guardian will be allowed into the facility before, during, or after class. We must keep the number of people entering the building to a minimum. Please escort them to the door, wait outside or in your car.

\_\_\_\_\_ If your child is age five or under, **ONE** person will be allowed to escort them to class. However, if your child is willing and able to enter the facility and get to their coach on their own, we highly encourage this.

\_\_\_\_\_ Each guardian will wait outside the front door (at a social distance from one another) to meet their child after class. Athletes under the age of six will not be allowed to walk in the parking lot unattended.

\_\_\_\_\_ Each student must wash their hands **WITH SOAP AND WATER** before and after their class.

\_\_\_\_\_ We suggest athletes enter the gym and wait in the seating area until it is time for their class.

\_\_\_\_\_ Athletes cannot wear a face mask during training to prevent risk. The potential for a mask to fall over the eyes or inhibit breathing during exercise creates extra risk during gymnastics activity.

\_\_\_\_\_ The water fountain will not be in use. Please bring your own water bottle, or you can purchase a water for \$1 from our Pro Shop.

**OTHER PROCEDURES & OFFERINGS**

\_\_\_\_\_ Please be fever free for at least 24 hours before attending class. Do not send an unwell child to class. If someone in the household is also sick, please be courteous and keep your child at home to ensure wellness. This policy is longstanding and especially important now.

\_\_\_\_\_ If your child is attending a private lesson, **ONE** person is allowed to enter the gym along with the athlete. We never want an athlete to be alone in the facility. If other classes are in progress and you don't need to enter, it would be to everyone's benefit for you to wait outside to reduce our number inside the facility.

\_\_\_\_\_ We will not be offering our Adaptive Gymnastics or Adult Gymnastics classes this session. We do encourage those still interested to attend a private lesson instead.

\_\_\_\_\_ We will still be offering private lessons during our Spring session. We understand that private lessons will be popular, so we have additional availabilities to accommodate for this need.

**SPRING  
2021**
